Fleet Of 319 Ships
Navy's Postwar Plan

(By The Associated Press)

WASHINGTON, Feb. 7.—The Navy revealed today its postwar blueprint for the nation's first line of defense—a fleet of 319 fighting ships fit "for instant action" and ready to launch a sky armada of 3,627 planes.

The biggest force would be allocated to the Pacific where a combat force of 176 warships is planned. The Atlantic detachment would muster 143 men-of-war.

Behind these main operating forces would be two formidable reserve fleets in stand-by condition, ready to be mobilized swiftly.

Mayor Proclaims Emergency As Fuel Supplies Are Cut

(By Associated Press)

NEW YORK, Feb. 7.—A wartime "brownout" and a drastic system of fuel rationing went into full effect in New York today in a state of emergency proclaimed by Mayor William O'Dwyer after striking tugmen voted against returning to work despite federal seizure of the towboat industry.

Representatives of the union, employers and the city announced early today they had reached a proposal for settlement of the dispute which would be submitted to a referendum meeting of the union tomorrow.

Details of the proposals were not disclosed.

Fuel Supplies Cut Off
Mayor O'Dwyer, declaring the strike had cut off from 65 per cent of its coal supply and 95 per cent of its fuel oil supply, ordered all schools closed tomorrow and held in readiness for possible use as hospitals for pneumonia cases resulting from lack of heat.

The new measures also turned off all electric outdoor display advertising and ended heating of transportation systems.

The Office of Defense Transportation, which seized the 91 towboat companies operating in New York harbor, said it would not be affected.

FEW CONTESTS
IN PRIMARIES,
FILINGS SHOWTwo GOP Contests, One
Democratic Listed
In County Race

Two Republican contests, one a three-way race for county commissioner, and one Democratic party contest are evident today on the party ballots for the primary elections, May 7, according to complete filings recorded at the Columbiana county board of elections office in East Liverpool by the deadline last night.

The district ticket includes a three-way Republican competition and a four-way Democratic race for the two state senatorial nominations and a Democratic four-man race for 18th Congressional representative. Contests are also shown in the party nominations of state committee members.

Commissioner Candidates

On the GOP county slate, incumbent John E. Smith of St. Clair township, John G. Hill of East Liverpool and Arnold Densmore of LaCroft, near Liverpool, seek the commissioner nomination. Densmore filed late yesterday, a surprise entry.

Incumbent John McBane Kerr of Yellow Creek township and Mayor Walter A. Hunston of East Palestine are seeking the GOP state representative bid.

The balance of the Republican slate includes Common Pleas Judge Joel H. Sharp of Salem, unopposed for re-nomination, and County Auditor I. J. Vorndran of Lisbon, also unopposed.

Ross Tisher, a former county auditor, has filed for the auditor nomination. He is unopposed on the party slate.

Glenn B. Roberts of East Liverpool and Frank M. Fisher of Calcutta are Democratic nominees for county commissioner.

Atty. Louis Tobin of East Liverpool has filed as the Democratic candidate for state representative, unopposed.

In the district filings, recorded at the Jefferson county board of elections, Congressman Earl R. Lewis of St. Clairsville is seeking the GOP re-nomination, unopposed.

Electric Furnace
Promotions Made

Among promotions announced recently by Electric Furnace Co. officials is that of K. U. Wirtz to the position of executive vice president.

A graduate of the Case School of Applied Science and a veteran of 19 years' service with the firm, Wirtz served as chief estimator and sales engineer before advancing to the post of assistant secretary in 1935.

C. L. West, who has been connected with the company since 1930, now has complete charge of all sales and sales engineering. In his 15-year tenure, West has contributed largely to the development of both electric and fuel-fired special atmospheric equipment.

C. H. Vaughan, a graduate of the Cincinnati School of Engineering, who joined the company as an erection engineer and who has served in various other capacities, has been named assistant vice president.

Other officers of the Electric Furnace company are R. F. Benzinger, president; F. T. Cope, treasurer, and R. D. Painter, secretary.

Briskin Is Named Head
Of Stamp and Coin Club

David Briskin was elected president of the newly-organized Stamp and Coin club at the first meeting of the club in the Memorial building last night.

Other officers are W. R. Pearce, vice president, and Lewis Briskin, secretary-treasurer.

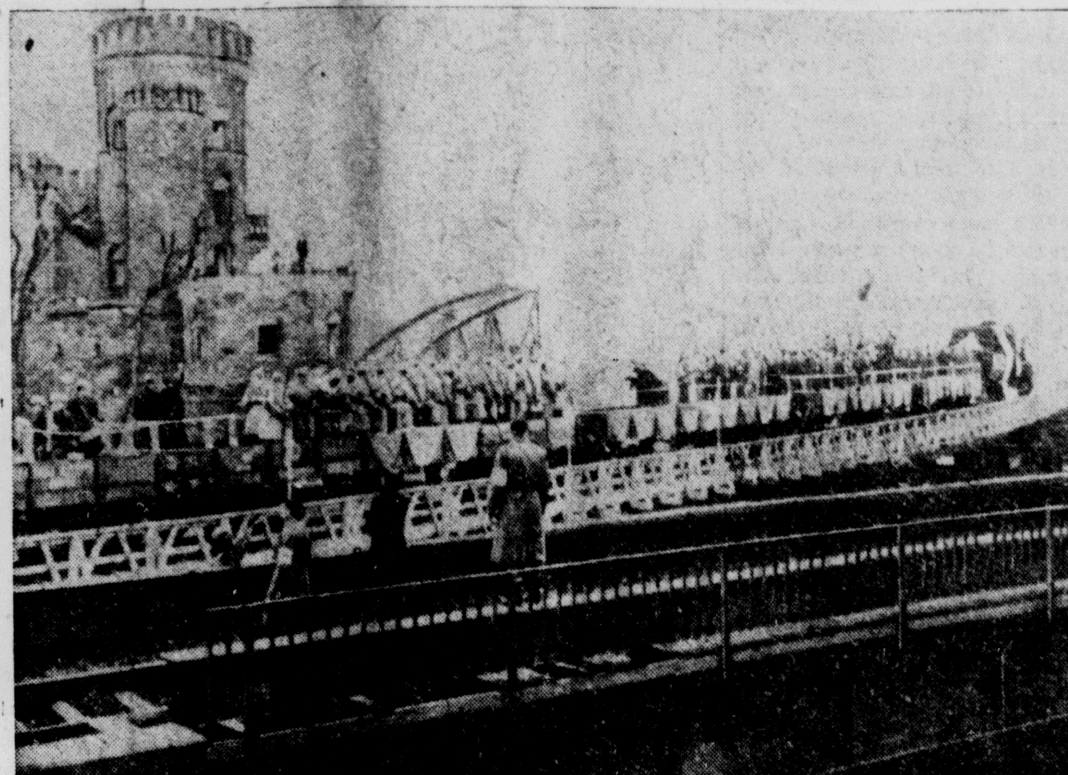

The club voted to hold its meetings every other Wednesday in the parlor of the Memorial building. The next meeting is scheduled at 8 p. m. Feb. 27.

Any person interested in stamps or coins is urged to attend the next meeting.

"First nighters" included Fred Koehnrich, Harry Kelley, Vincent Pietras, Nathan Harris, J. O. Hagedorn, Lee Shafer and Paul Myers.

BILL PASSESHouse Approves Control
Legislation and Sends
Measure To Senate

(By Associated Press)

WASHINGTON, Feb. 7.—The house today passed 257 to 155 the hotly-disputed Case bill to curb and seek settlements of labor strife.

Final action came on a roll call vote, sending the far-reaching strike control legislation to the senate. There, its foes predict it will meet tough sledding.

Just before the conclusive ballot, members shouted down a motion by Rep. Baldwin (R-NY) to send the bill back to the labor committee for further study.

The measure, by Rep. Case (R-SD), won its next to the last test late yesterday by a 197 to 115 standing count.

Provisions Shown

The bill as it now stands, would:

1. Create a federal mediation board with authority to step into major labor disputes and forbid strikes or lockouts for 30 days while it sought to solve them.

2. Permit wide use of court injunctions in enforcing the cooling off period, preventing violence or insuring movement of perishable goods.

3. Provide for civil suits against either labor or management for breaking contracts.

4. Outlaw violence in picketing by either side. (Violators would be subject to court injunctions and to loss of their bargaining powers).

5. Ban boycotts used to force disputants to come to terms. Sponsors said this would prevent many jurisdictional controversies. (Violators would face loss of their bargaining powers.)

6. Deny employee status to unions of supervisory workers, unless they do manual productive labor.

DR. EDWIN A. COLES
DIES AT DAYTON

Dr. Edwin A. Coles, aged about 42, former Salem osteopath, died at 2:30 p. m. Wednesday in the Osteopathic hospital at Dayton following five months' illness of a blood condition.

A native of East Liverpool, Dr. Coles practiced here before going to Dayton eight years ago. He visited here last September.

He is survived by his wife, the former Helen Shelton of Salem, four children, Judith, Allan, Heloise and Betty Ann, and two brothers, Russell Coles of Dayton and Harold of Pittsburgh. Frank Buxton of East Liverpool is an uncle.

Funeral services will be held in Dayton Saturday afternoon.

Collide On Highway

Howard D. Faulk, 54, of East Liverpool, was slightly injured at 1:30 p. m. yesterday when a car he was driving and another, driven by Joseph Vankirk, 26, of Enon Valley, Pa., collided at the intersection of Routes 154 and 7.

Neither car was damaged heavily. Faulk was driving on Route 154 and Vankirk on Route 7.

Secret Yamashita Hanging
Is Ordered By MacArthur

By MURLIN SPENCER

TOKYO, Feb. 7.—Lieut. Gen. Tomoyuki Yamashita, his last hope for clemency denied by General MacArthur, must die secretly like a common criminal on the gallows in Manila—the city his trapped soldiers raped, pillaged and burned.

MacArthur, as final reviewing authority, today upheld the death sentence imposed on Yamashita by a military commission in Manila.

And ordered that his one-time adversary meet his doom "stripped of uniform, decorations and other appurtenances signifying membership in the military profession."

Lieut. Gen. Wilhelm D. Styer, acting on MacArthur's orders, will carry out the execution secretly and then announce it.

First Conviction Reviewed

Yamashita charged with condoning atrocities by troops under his command in the Philippines, is the first top-ranking Japanese officer whose conviction has been reviewed by the Supreme Allied commander.

Fate of the calm, shaven-headed Japanese general was left in MacArthur's hands after the Philippine Supreme court refused to transfer the case from military to civil jurisdiction, and the U. S. Supreme court last Monday upheld the death sentence.

MacArthur, in final review of the case against the foe who ignominiously failed to prevent his triumphant return to the Philippines, delivered this scathing denunciation of Yamashita:

"It is not easy for me to pass judgment upon a defeated adversary in a major campaign. I have reviewed the proceedings in vain search for some mitigating circumstances on his behalf. I can find none."

"Rarely has so cruel and wanton a record been spread to the public gaze."

"This officer has failed his duty to his troops, to his country, to his enemy and to mankind. He has failed utterly his soldier's faith. The transgressions are a strain upon civilization and constitute a memory of shame and dishonor that can never be forgotten."

Partial destruction of Manila, once-beautiful capital of the Philippines, was the only offense charged against Yamashita upon which MacArthur commented.

"Peculiarly callous and purposeless was the sack of the ancient city of Manila with its Christian population and its countless historic shrines and monuments."

MacArthur's petitions were placed before the justices immediately after their arrival today, but the court is expected to announce later whether it will hear argument on them or reject them.

If the petitions are rejected, the court may base its action on the decision reached in Yamashita's case.

Columbiana To Place
Extra Police On Duty

COLUMBIANA, Feb. 7.—City council Tuesday evening decided to employ an additional policeman on a six months trial basis.

Details will be completed at the next meeting Feb. 19.

Two petitions were presented, each containing a long list of signatures, asking the added police protection. One of the petitions had been circulated by business men and the other by industrialists and their employees.

In response to a letter from Richard Orr, city clerk, the Pennsylvania railroad sent a communication to council stating that flasher lights will soon be installed at its Pittsburgh street crossing. The communication said that after arrival of the material, the work of installation would require about six weeks.

NEW WAGE-PRICE
PLAN DESIGNED
TO END STRIKES

(By Associated Press)

WASHINGTON, Feb. 7.—President Truman said today he hoped to have a formula ready in a day or two to halt the steel and other big strikes.

Responding to questions at a news conference, the President said the formula under consideration is not a completely new wage-price plan, but rather one for meeting the situation the nation is faced with now.

He added he believed it can be worked out in the next few days.

Asked by a reporter if it is a "big steel formula," Mr. Truman said he had not heard of that.

Question of Production

The President said the whole question is one of production. All the people are aware, he added, of the need for production.

If we get mass production now, he said, the situation will adjust itself. There will be no reason for a wage-price formula then, he stated.

He said this (mass) production aim was what the administration had laid down from the start.

Since the war ended, he said, the administration has called for all-out production, to meet the demand that had been piling up. He added the administration's first wage-price formula (of last fall) would have worked if we had got the production we hoped we were going to get.

Union Men Non-Committal

Top men of both the CIO and AFL said today they must see the government's new price-wage declaration before they can commit their striking unionists to accept it.

As announcement of the relaxed hold-the-line policy ran 'till still further delay, CIO President Philip Murray and AFL, Chief William Green, told a reporter in separate interviews they had not been consulted by the administration. Hence, they added, they can make no pledges for their members.

One official said a tentative draft of the wage-price decree contained a provision calling for an agreement by labor on a wage increase ceiling comparable to the 17 per cent represented by the 18½-cent-an-hour hike which Mr. Truman recommended for steel — or some figure in that neighborhood. This ceiling, said the official, would apply for one year.

Labor's reaction to any such plan is likely to be divided, Murray agreed to the steel figure.

Lions Club Tests Eyes Of 310 Salem Grade School Pupils

As part of its sight conservation program, the Lions club has been conducting eye examinations for Salem grade school children during the past few weeks.

Harold Shears, chairman of the sight conservation committee, reported today that thus far 310 children in third grades have been tested by means of a new eye chart and only a small percentage of them have need of glasses.

Reports of the examinations, which were conducted by members of the club, were turned over to Mrs. Arthur Brian, school nurse, who takes final action on serious cases.

A fund has been set aside by the Lions organization from which glasses for needy children will be purchased, Shears said.

The club has received a new shipment of white canes for the blind and these will be distributed in the near future. One dozen of them will be sent to the Columbiana county agency for the blind for distribution.

Last year the Lions club purchased and trained a Pathfinder dog for a local blind woman.

AMERICANS TO
SHARE WHEAT
WITH EUROPEPresident Truman Acts To
Prevent Starvation
Abroad

(By Associated Press)

WASHINGTON, Feb. 7.—President Truman said today he would call for a return to meat rationing if it becomes necessary to prevent 10 to 15 million people from starving to death.

The President told his news conference that he hoped it would not be necessary to ration meat.

If, however, it becomes necessary to keep from 10,000,000 to 15,000,000 people abroad from starving, he continued, he thought the country ought to do it.

Fears Starvation Abroad

He explained that he was vitally concerned with the prospect of widespread starvation in war-torn countries, accentuated by losses of wheat crops in some countries and other grains elsewhere.

He hopes, he said, that his wheat conservation order yesterday may make it possible to ship 6,000,000 tons of wheat abroad during the first six months of this year.

Friends and allies during the war, he said, are not to blame for their desperate situation. It would be un-American, he added, to permit people in enemy countries to starve.

Canada, Australia and other countries with food surpluses are being asked to cooperate, he said, adding he was confident that the American people will cooperate fully by buying less.

In no event, he said in response to a question, will the people of enemy countries be allowed a richer diet than those of Allied countries.

Allies Come First

What this country is trying to do, he said, is take care of its Allies first.

Asked whether there was hoarding of wheat in this country, he said he was not familiar with it if there was.

Although Americans have been asked to share their bread with the starving people overseas, they may actually eat better than before, for a time.

Their own bread will be dark, and they may find less meat and beer, but there should be a temporary jump in pork, beef, poultry, eggs and some dairy products.

How long this richer diet may last hinges on the weather—spring and summer rains and fall frosts. For a bad crop season well could whittle down supplies of animal products to a point where rationing again might be necessary late in the year.

President Truman, in a statement declaring the world faces a food crisis which may be "the worst in modern times," yesterday ordered government agencies to draft emergency rules to cut consumption of wheat at home so that "mass starvation" abroad may be averted.

U. S. Effect

The cuts in American consumption will take these forms:

1. Millers will be required to convert a larger portion of each bushel of wheat into flour. This flour will be dark in color, less tasty and less suitable for cakes, pies and other pastries. But it will take fewer bushels of wheat to meet American bread and pastry needs.

2. The use of wheat in making whisky and beer will be forbidden. Also the use of other grains for these beverages will be reduced.

3. Farmers will be asked to feed less wheat and other grains to livestock.

BEIGHTLER NAMED

Still The Best Teacher

If we can learn from our mistakes, experience has taught a few lessons that may be worth the hardships which accompanied them.

Wage bargaining, which used to be a negotiation between management and workers, today has become a three-way deal, with government completing the trio.

Because government, by virtue of the authority bestowed on it by the people, is the strongest of the trio its function should be that of umpire, not advocate. The primary mistake of government in wage bargaining has been to seem to swing its influence to labor unions, principally in the support it has given to arbitrary wage increases without compensatory price increases. The government's reasoning on that point was wrong and is now admitted to be wrong. The country has paid a great price for the failure of government to prepare itself intelligently for the only role it properly could play in postwar readjustment—the role of umpire in negotiations to establish workable agreements for resumption of peacetime production.

The price of Washington's mistakes will be borne by all the people, but most heavily by those who were forced against their will and judgment to stop work while their officials untangled their own chaotic thinking. Workers and managers have been set back heavily and unnecessarily by the ineptitude of a bureaucracy too stubborn to admit it was wrong and not smart enough to correct its mistakes until an emergency forced a showdown. While politicians are doing their best to persuade the people that the fault lies somewhere else, the fact is—as they well know—that the fault lies with themselves.

The United States has been fooling for a long time with the theory of a politically-managed economy. The war, with its carte blanche to central authority for whatever seemed necessary, gave the would-be managers tremendous momentum. But it has taken only a few months of postwar experience for them to reduce that momentum by friction of their own making. The case for a managed economy never looked sorer than it looks now, with the befuddled managers bearing down on the brake with one foot, jamming the accelerator with the other, and screaming to the passengers that they must get out and walk.

The Pauley Incident

Far more important than any claimed evidence of wrong-doing in the record of Edwin W. Pauley, who has been appointed undersecretary of navy, are the implications of his appointment.

Mr. Pauley is a corner in Democratic inside politics, though still a stranger to the general public. He is typical of a group of businessmen who have learned how to work closely with an administration not noted for friendship to businessmen in general. Mr. Pauley knows the angles in Washington under the New Dispensation, sometimes called the More Abundant Life. As a former treasurer of the Democratic national committee, as a wealthy oil man and as the holder of appointive posts within the administration, Mr. Pauley has accumulated influence in party circles. It is this background as much as any of the details of his career that is being considered by senators before confirming or rejecting his appointment as undersecretary of the navy. If he ascended to that office, he eventually would succeed James Forrestal as secretary of the department.

The senators remember that Mr. Pauley worked for Mr. Truman at the 1944 Democratic national convention. Some of them, in both parties, must wonder whether he is being lined up for a cabinet position on merit or to pay a political debt at the possible expense of confidence in the administration of the Navy Department. There is more to the Pauley incident than Mr. Pauley. There is a suspicion that President Truman may not be giving second thought to the implications of some of his appointments to policy-making positions in the government.

Beware Of The Natives

The English war brides who have followed their American husbands home do credit to their native land and the discrimination of the men who picked them. Photogenically, they appear to be the cream of the crop.

There are some things about America they will have to learn the hard way now that they are here. Their new countrymen wish them all the luck there is. One of the most important things is to beware of the natives.

This is a great country, full of rocks, hills, mountain tops, fruited plains and fields of amber grain. The Florida climate is unexcelled, as Winston Churchill has freely admitted, and in summer there are nice climates in more important parts of the land, too.

We are full of natural resources, despite the prodigious amounts we have sent abroad at various times. Flora and fauna are more than ordinarily interesting, we can point to some interesting ruins of dead civilizations, and the place is nicely situated as to oceans, inland waterways and neighbors.

The United States is well-equipped to turn out an amazing variety of industrial products, besides being one of the few places on earth with enough ingenuity and arable land to feed itself, except for an occasional sugar shortage, which is more bureaucratic than agricultural.

There is really only one thing wrong with America, to be honest about the matter. Its population can be difficult at times. Its nature is mercurial—addicted to ups and downs. If the English war brides will overlook the people and concentrate on America, they will be well satisfied and may even come to think of

their adopted homeland as next best to England itself.

Flying And Farming

It is beginning to appear that our supposedly conservative farmers are among the most air-minded of American citizens. Already a considerable number of them in the West and Southwest own their own planes. Surveys indicate that many of them have plans that include a personal airplane in their future farm equipment. And three of our largest national farm organizations have recently issued statements emphasizing the importance that they attach to air transportation development.

The National Grange recommends that air transport of persons and commodities be allowed to expand unhampered by laws or regulations that would deny it "the fullest and freest competition permissible in the transportation field".

The American Farm Bureau Federation points to the factors of speed, reduced refrigeration, and constantly lowering rates with increased services, as indicating that ever-increasing tonnages will be moved by air.

Speaking more generally, the National Council of Farm Co-operatives says, "We favor the preservation and maintenance of technological improvements and scientific advances in all modes of transportation, and oppose . . . any limitation through statutory or other means which tend to impair efficiency and economy and retard development in transportation."

Farmers naturally are more concerned with the freight and express operations of commercial aviation than with passenger travel. They have a direct stake in the new markets and new merchandising techniques which an expanded national air cargo service would bring.

Air cargo transportation is one of the country's newest industries and a potentially important one. And it is encouraging to note that America's oldest industry, through some of its largest organizations, has expressed its interest and support.

A future association of flying and farming looks like a winning combination. It will speed and increase the shipping of perishables over long distances. It will bring more quickly-needed supplies and equipment to outlying farms. Perhaps most important, it promises civilian careers to many air-trained and air-minded veterans, as well as employment and continuing development in the aircraft industry which, in peacetime, is still a most important cog in the machinery of our future defense.

GUARDING YOUR HEALTH

Your Attitude Toward Food

By HERMAN N. BUNDESEN, M.D.

WHY do most of us eat three meals a day? Because Nature endowed us with hunger pains and these hunger pains stimulate a desire for food. This desire is commonly known as appetite. But, even hunger pains will not make a person eat if there are certain factors operating which make him lose his appetite.

Eating should be a source of pleasure and comfort, although, of course, it should be borne in mind that we eat to live, not live to eat. Anything that interferes with the pleasure of eating will lessen the desire for food.

Unpleasant Eating
Martha Koehne of Ohio, has suggested a number of things which make eating unpleasant. These include unpleasant scenes at the table, scolding or nagging a person about what he eats and how much of it he eats, punishing a child just before, during or after a meal for bad behavior, quarrels at meal times, forcing anyone to eat what he does not want, serving food that is unattractive or tastes bad, giving too much of a food, eating when uncomfortable, and depriving a young child of the privilege of feeding himself because he may spill food.

Perhaps the greatest cause of poor appetite in children is the result of efforts on the part of the parent to get foods into the child when he does not want them. Giving too large portions or even giving too great a variety of foods may spoil the appetite. Decayed teeth that hurt, tiredness, constipation, colds and sore throats, as well as many infections, also may interfere with the appetite.

Parents' Tastes
Many parents get into the habit of trying to foist on their children the ideas which they, themselves, may have concerning foods and eating. For example, the parents may have a prejudice against certain foods or some mistaken idea of foods in certain combinations. It is not unusual to hear parents say that they have inherited a dislike for certain foods, and that there is nothing which can be done about it.

Others think that what they have to do is to be guided by their instincts and they will choose the right foods. Then they think that if they dislike a certain food they should not eat it because it would not be digested. And there is the faulty notion that eating acid-tasting foods with milk or with starchy foods may lead to trouble, or eating fish, milk, or meat with starchy foods may be harmful, and,

of course these ideas have no scientific support.

Adopting a sensible attitude toward foods and appetite by supplying the right foods and not attempting to force the child to eat, will help to get rid of many of the eating problems.

Funeral For Fireman Is Held At Alliance

ALLIANCE, Feb. 7.—Funeral service was held today for Robert A. Floyd, 37, city fireman whose death while using a gas steamer for removal of wallpaper was attributed by Acting Coroner John R. Rohrbach to asphyxiation.

Floyd, off duty, was overcome while working in the home of City Solicitor W. T. Martin and efforts at resuscitation by other firemen failed to revive him. Chief J. E. Held said Floyd was working in a room with no ventilation.

He was born in Oakfield, Wis., but had lived here 20 years and was a fireman since 1942. He leaves his wife, May, and two daughters, Marilyn and Darlayne.

FHA Offers To Help In Real Estate Appraisals

WASHINGTON, Feb. 7.—The Federal Housing Administration announced today that any person planning to buy or build a home could obtain a FHA appraisal of the value of the property through payment of a \$10 fee.

FHA rules have been amended, Commissioner Raymond M. Foley said, to enable any person to have some properties appraised by the agency. He said that the "danger of inflated real estate prices, especially for homes, is now very real."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acid and waste out of the blood. They help most people pass about 1 pint a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Rescue 496 Passengers From Broken Liner Yukon

BOW OF LINER YUKON is pictured aground at Johnstone Bay, Alaska, where it settled on rocks after ship broke in two during heavy gale while enroute from Seward. Most of the 496 survivors, many of whom can be seen on the deck, remained on the bow for two days while rescue vessels, right bottom, fought high seas to take them from stricken ship. During rescue operations, passengers had hot food dropped to them from a transport plane, upper right, of the Alaska Air Depot Command. No loss of life was reported.

Mrs. Mundy Recalls Early Salem History

Mrs. Gertrude Mundy, who makes her home with her niece, Mrs. Ralph K. Zimmerman of E. State st., observed her 62nd birthday anniversary today. Because of her ill health there was no special celebration, although she was the recipient of greeting cards and gifts.

Mrs. Mundy has been a resident of Salem for 64 years. She came here at the age of 18 from Washingtonville and since that time has made Salem her home.

A daughter of Joshua and Harriet Allen, she was born in Yorkshire, England, Feb. 7, 1864, and was brought to America by her parents when she was two years old. The family moved from Sharon, Pa., to Washingtonville when Mrs. Mundy was 13 years old.

Operated Greenhouse
Mrs. Mundy, and her husband, the late William Mundy, were florists and operated Salem's second greenhouse, Joseph Bonsall had the first greenhouse here Mrs. Mundy recalls.

The Mundys' first greenhouse was on E. State st., then McKinley ave., at the corner of Fair ave. From there they moved to the Damascus road and built the greenhouse now owned by George M. Gilbert.

For 14 years, Mrs. Mundy had a flower shop in the room on E. State st., now occupied by the Lease Drug Co., and when the building now occupied by the National Furniture Co. was known as The Market House, she had a flower stall there.

Mrs. Mundy has three children, Mrs. Maude Thompson of Cleveland, Ohio; Charles Mundy of Riverside, Calif.; and Rev. Percy Mundy, pastor of the First Baptist church in Altoona, Pa.; 10 grandchildren and three great-grandchildren.

She is a member of the First Baptist church. In ill health for several years, she has been confined to her bed the last year and a half.

Harriet Watt Guild Entertained
A masquerade party was enjoyed by members of the Harriet Watt guild of the Church of Our Saviour (Episcopal) and their guests last night at the home of Mrs. Louis Breton and daughter, Mrs. Fred Smith, E. State st.

Mrs. Ray Pearce and Mrs. Ira Hoopes won costume prizes and Mrs. Ralph Ball received the modeling prize.

A mock wedding and reception featured the entertainment, with Mrs. Fred Smith in the role of bride and Mrs. John Taylor the "groom."

Mrs. Ball was awarded the honors in a guessing contest. Miss Louise Barrett played for group singing.

The associate hostesses, Mrs. Breton, Mrs. Smith, Mrs. Mabel Ingram and Miss Barrett, served a lunch in keeping with Valentine day.

Announce Engagement Of Miss Elma Young
Mr. and Mrs. Frank Young of Benton Center announce the engagement of their daughter, Elma, to Harold (Bill) Iddings, seaman second class, son of Mr. and Mrs. Roy Iddings of Sandy's Crossing.

Miss Young is a graduate of Berlin Center High school and is employed in H. O. Stanley's store in Damascus.

Iddings served in the navy more than four years and was overseas more than two years. He returned home Saturday evening after receiving his discharge at Great Lakes, Ill.

No date has been set for the wedding.

Jackie Pierce Feted At Birthday Party
Mrs. Huntley Pierce of Homewood ave. entertained 11 children at a supper party last evening to celebrate the tenth birthday anniversary of her son, Jackie.

Pink and white tones were favored in the table appointments and the birthday cake was decorated with pink candles. Games interested the children. Jackie was presented gifts. Bobby Baker of Lisbon was an out-of-town guest.

Marriage Licenses
Jack R. Carl, student, and Bonnie Ward, East Palestine.

George Curtis Vogelhuber, accountant, and Dorothy Hilda Zeck, Salem.

Edward E. Fisher, dye maker, and Elizabeth Veronica Yager, Salem.

Paul H. Dye, army, and Ruth Kelly, East Liverpool.

Robert G. Hendricks, merchant marine, Chester, W. Va., and Jacqueline Van Dyke, East Liverpool.

Eari V. Baughman, aviation mechanic, and Irene Nolan, East Rochester.

Donald E. Dieringer, bookkeeper, Minerva, and Kathylene L. Price, Homewood.

Staff Sergt. Robert H. Laughlin, son of Mr. and Mrs. P. K. Laughlin of E. Fourth st., has been discharged from the army at Atlanta, Ga., after 53 months' service. He and Mrs. Laughlin have returned to Salem to make their home.

L. E. Firth of 567 E. School st. has accepted a position with Kanoy-Knappe, Inc., at Charlotte, N. C. He will leave the first week in March.

Mrs. Anthony Szosorek of E. State st. spent Wednesday afternoon in Youngstown.

Wayne Sidinger returned last night from New York City where he spent a few days and attended a sportsmen convention.

Helen Reno Is Bride Of John Stanley Kryk

Before an altar of beautiful banked palms, ferns and two seven-point candelabras, Miss Helen Reno and John Stanley Kryk were united in marriage by Rev. C. H. Frank at North Georgetown Lutheran church Sunday. The double ring ceremony was used.

The bride given in marriage by her father, Ross Reno, Sr., was lovely in a white slipper satin gown fashioned with a sweetheart neckline and long net sleeves.

Her veil of white net and duchess lace fell from a tiara of seed pearls and orange blossoms. She carried a shower bouquet of white roses and baby breath.

Attendants
Miss Nancy Ann Reno, sister of the bride, who served as matron of honor, was gowning in pink satin carrying bouquet of white lilies.

Misses Anna Jean Barnett and Betty Jane Haupt of Beloit were bridesmaids, the former gowning in yellow net over satin and the latter blue net over satin. They carried bouquets of carnations and lilies.

Shelby Jean Stanley and Mary Lou Call, nieces of the bride, were flower girls.

Bruce Reno served as ring bearer, and Corp. Ross Reno of Camp Gordon, Ga., served as best man.

Mrs. Reno, mother of bride, was attired in black with a corsage of yellow roses.

A half-hour program prelude recital was given by Mrs. Clara Antram, church organist. She accompanied Miss Jane Berger who sang "At Dawning," and "I Love You Truly."

While the bride and groom stood at the altar Miss Berger sang the "Lord's Prayer."

So At Reception
A reception was held in the church basement with 150 guests present.

A three tiered wedding cake, topped with a miniature bride and groom, centered the table that was arranged in red, white and blue.

Guests were from Milton Lake, Cleveland, Alliance, Salem, Beloit, Sebring, Canton and Pittsburgh.

After a short wedding trip to Akron, the bride will make her home with her parents. The groom reported yesterday for military service.

Methodist Group 7 Holds Meeting
Group 7 of the Women's Society of Christian Service of the Methodist church met Tuesday with Mrs. Michael Schuller, E. Fourth st., with 29 members present.

Mrs. Harold Smith led the devotions with the topic, "The Importance of Prayer." The program included a solo by Mrs. Ina Mae Williams; book review, "God's Candlelight," Miss Eleanor McMurray; story, "The New Song," Miss Nora Greenwalt.

Lunch was served by a committee composed of Mrs. Frank Stoudt, Miss Esther Rollins and Miss Blanche Fulton.

The next meeting will be held March 5 at the home of Mrs. Donald Gingley, W. Tenth st.

Star Club Associates Meet At Shinn Home
Mrs. Sylvester Ballinger was included in the guest list when Mrs. H. A. Shinn received Star club associates yesterday afternoon at her home on the Benton rd.

The women were interested in fancy-work while they visited. The hostess used Valentine appointments when she served lunch.

A meeting on March 6 will be at the home of Mrs. Herbert Lora on the Benton rd.

Mrs. Warner Host To Bridge Players
Mrs. R. E. Warner entertained a group of friends last night at her home on Homewood ave.

Two tables of bridge were in play with prizes going to Mrs. Paul Ritchie, Mrs. Walter Seederly and Mrs. John Theiss.

Lunch was served at a beautifully decorated table, laid with a lace cloth and graced by flowers.

Discharged Veteran Honored On Birthday
Honoring the birthday anniversary of her son, Ray Day, discharged veteran, who recently returned from Okinawa, Mrs. Flora Day entertained at a family dinner Tuesday evening at their home on N. Roosevelt ave.

There was a decorated birthday cake for the honoree and he was presented gifts.

Quaker Crusaders To Choose Officers
Election of officers will engage attention when members of the Quaker Crusaders class of the First Friends church meet at 7:30 p. m. Friday at the home of Miss Betty Elyson on Jennings ave. for a business and social meeting.

Miss Ruth Hoch of S. Union ave. left yesterday for Los Angeles, Calif., to spend a month. She is taking a vacation from her duties in the business office of the Ohio Bell Telephone Co.

John Walker, formerly of Salem, is ill at his home, Union st., Columbus. His condition is reported improving.

Pfc. Richard Currell of Oakland, Calif., formerly of Salem, is visiting at the home of his aunt, Mrs. Harold Wyckoff and family, S. Lincoln ave. He recently returned from Europe, where he spent a year and a half, and was honorably discharged at Indiantown Gap, Pa. He is enroute to his home.

J. F. Allgood of Struthers has accepted a position at the Kroger store.

Mr. and Mrs. Joseph McCreary of Sharon, Pa., are visiting Mr. and Mrs. W. E. Mounts, E. Fourth st., enroute home from a visit to Florida.

Soft Water In Homes Provided By New Firm

A new company with a new method of providing soft water for homes and business places has been opened by Lloyd M. Gordon at the corner of N. Ellsworth ave. and E. Eighth st. The company is called the Culligan Soft Water Service Co.

Gordon, who served 44 months with the army, came to Salem from Pittsburgh where he was supervisor of sales for the Gulf Oil Corp. for 10 years. He was a major in the Army Air Force and was commandant of cadets at Perrin field, Tex. He lives at 914 Prospect st. with his wife and two children.

With the Culligan soft water service the householder buys no softener or other equipment, and does none of the softening or regenerating work. Gordon puts in his equipment, which softens the water through the use of zeolite. This mineral removes the calcium and magnesium which make the water hard.

130 FILE FOR OHIO PRIMARY

Seek Nine State Offices, 25 Congressional Seats

(By Associated Press)
COLUMBUS, Feb. 7. — More than 130 Ohio politicians opened a three-month primary election campaign today in quest of party nominations for nine state government posts and 25 seats in congress.

And spurring them on to the vote-getting job was an Ohio Farm bureau announcement saying a poll it recently conducted indicated that 11 out of 12 of the state's rural population believe primary elections more important than the final November runoffs. The poll, the bureau said, was taken among 3,000 farmers in all sections of the state.

The Farm Bureau's announcement coincided with yesterday's deadline for filing petitions of candidacy in the May 7 primary election.

Seek State Posts
As the 6:30 p. m. deadline passed, 61 candidates were in the races for nine state government posts. Ohio's congressmen-at-large seat and full-term and short-term terms in the U. S. senate. Of these 41 were Democrats and 20 Republicans — looking for congressional nominations from the state's 22 districts.

The most sought-after post among the state-wide races was the congressman-at-large seat. Ten Democrats are in the race. The incumbent, George H. Bender, a Cleveland Republican, is opposed by Norman Imrie of Columbus.

Five of the candidates in the state-wide contests were unopposed. Former Gov. John W. Bricker, Republican vice presidential candidate in 1944, had a clear field in his bid for the U. S. senate.

Gov. Frank J. Lausche faced only slight opposition in his bid for re-nomination on the Democratic ticket as did the Republicans' chief gubernatorial hope, former Attorney General Thomas J. Herbert of Cleveland.

Lausche is opposed by Joseph Torok, Jr., of Youngstown, a grocer's clerk, and Herbert's opponent is Albert E. Payne of Springfield, who tried unsuccessfully two years ago.

Meet Feb. 13 On Strike Of Brick, Clay Workers

CANTON, Feb. 7. — A labor department conciliation committee has scheduled a meeting in Washington Feb. 13 with representatives of striking AFL-United Brick and Clay Workers and clay sewer pipe manufacturers, reports Clyde Myers, district business agent for the union.

Approximately 1,500 unionists at 27 plants in Ohio, Pennsylvania and Indiana walked out Monday, demanding a general 22 per cent wage increase and a minimum hourly rate of 85 cents.

Twenty-two of the affected firms are in Ohio, 12 of them in Tuscarawas county, where approximately 1,000 are employed.

Approve Wage Boost

WELLSVILLE, Feb. 7. — By a 3-2 vote, city councilmen approved a finance committee recommendation for a \$10 monthly wage boost for all appointive employees and a five-cent increase, the equivalent of \$10 a month, for hourly-paid workers.

Funds Approved On Flood Control

(By Associated Press)

WASHINGTON, Feb. 7. — The house appropriations committee today approved a fund of \$276,614,250 for rivers, harbors and flood control work by the army engineers during the 12 months beginning July 1.

Carried in the War department civil functions money bill, the sum is \$36,103,250 less than requested by the engineers, eager to speed water-use operations back to a peacetime level.

Among the projects for which appropriations are carried:

Rivers and harbors:
Mississippi river between Ohio and Missouri rivers, \$3,500,000.
Flood control (general):
Delaware reservoir, Ohio, \$1,500,000; Muskingum reservoirs, Ohio, \$1,548,000; Portsmouth-New Boston, Ohio, \$1,000,000; Massillon, Ohio, \$1,001,000; Dillon reservoir, Ohio, \$2,000,000; Youghiogheny river reservoir, Pa., \$619,200; Punksutawney, Pa., \$556,000.

Rivers and harbors advance planning:
Ashtabula harbor, Ohio, \$5,000.

DIMOUT

(Continued from Page 1)

York harbor and contiguous waters early yesterday, ordered 45 army and navy tugs to begin moving fuel supplies into the city today.

Approximately 3,500 tugboat workers, members of the AFL International Longshoremen's association, struck Monday morning in a wage-hour dispute with the New York tugboat exchange.

O'Dwyer's emergency declaration barred coal deliveries to dance halls, night clubs, theaters and directed that in no event should more than a week's supply of fuel be furnished any consumer.

He also ordered that all interior temperatures be kept no higher than 60 degrees except on buildings devoted to the care of the sick and infirm.

Truman Plans Ohio Address March 6

WASHINGTON, Feb. 7. — President Truman will fly to Columbus, Ohio, March 6, to address a special meeting of the Federal Council of Churches of Christ in America.

The White House announced the President will speak to the special session at noon that day.

The meeting, church officials told the White House, has been called to consider postwar needs of the church in the fields of world order, community tension, foreign relief, evangelism and problems of servicemen returning to civilian life.

The President will go to Columbus from Fulton, Mo., where he will introduce Winston Churchill, former British prime minister, for a foreign policy address at Westminster college.

The President will spend the night of March 5 in a Missouri town near Fulton and will fly to Columbus early the next morning.

Worry of FALSE TEETH

Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store.

BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms. Watch for the warning signs, especially the embarrassing, itchy rectal itch. After centuries of Pin-Worm treatment, a really effective way to deal with them has been established through JAYNE'S P.W., the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction or your money back. So why take chances on Pin-Worms! If you suspect this icky infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!

SALINEVILLE DROPS BEARS IN 40-32 TRY

Leetonians Lose Second In Row To Down County Foe; Reserves Lose

Salineville's cagers handed Leetonians their third straight loss, 40-32, last night at Salineville after a nip and tuck battle most of the way.

It was the second straight game Salineville has won over Leetonians, as the two met at Leetonians last Friday, Salineville winning 38-36.

Last night's fray was highlighted by the sterling performance of Kenney Carter, accurate forward for the victors. Carter, who racked up eight points in the second to send his squad into an unsurmountable lead, totaled 21 for the evening.

Pat Mancuso led the Bears again, scoring nine points. Don Bell had three field goals while Dale Klingensmith, Larry Duce and Sammy Stumpo each collected five points.

Leetonians' attack nearly equalled the winners in the first frame, which closed, 7-6.

Rally Fails
In the second period the Salineville quintet stepped away from the Bears, outscoring them 14-5 and leading 21-11 at halftime.

Leetonians came back fast in the third to tally a quick eight points and draw within two points of Salineville. A mild rebound put Salineville to the front 31-25 by the end of the frame, however.

In the last Leetonians tallied seven points while Salineville garnered nine.

The Bear reserves went down to defeat, 27-12, in the preliminary.

Leetonians meet East Palestine on the Leetonians floor Friday.

Salem Bluejackets Top Sharon Cagers

"Whiffy" Thorpe's accuracy from the foul line in the closing moment of the game gave the Salem Bluejackets a 51-49 verdict over the Sharon Steel quintet at Sharon Monday night.

After leading 14-8 at the end of the initial stanza, the locals' attack faltered and the Pennsylvanians took a 23-20 edge at halftime and still held a 33-32 margin as the last frame began.

The Bluejackets tied up the count and moved out in front as the game drew to a close.

Thorpe registered 15 points to spark the Salem attack while Gilderman paced the Steelers with 17.

Travel To Canton Lincoln Seeking Second Road Win Of The Week As Underdog

Since Coach Bob Miller's Quakers snapped a six-game losing streak six games ago against Kent Roosevelt things have been looking up for the High school quintet, but it's going to be tough going for the locals when they engage Coach Junie Ferrall's Canton Lincoln Lions at Canton tomorrow.

The Lions, like Salem, boast no impressive record, but their powers are well demonstrated in a glance over the season's ledger.

Canton has chalked up eight victories in 15 games this year.

Wins have come over Louisville (38-35), Canton Central (49-22), Massillon (39-31), Wooster (61-35), North Canton (40-36), Minerva (38-33), Alliance (54-40) and Sebring (43-26).

Losses were dished out to the Lions by New Philadelphia (32-25), Canton township (46-35), Canton Timken (42-34), Canton Lehman (37-35) (60-28), Canton McKinley (48-29) and Barberton (41-39).

In losing the Lions were not unimpressive. Most of the losses have come from powerful out-fits and a goodly share of them by small margins.

To date the Lions are rated as among the poorer of the Canton teams, but have shown a great amount of improvement since early season play.

Only a little more than a week ago the Lions were especially rugged in defeating Alliance, 54-40, a team which has handed Salem two defeats this year, one by a 57-51 margin and the other 39-37 last week.

Compared to Salem's current rating with six wins and eight losses, the Lincoln record is not poor. Consequently the game tomorrow on the fair sized Canton floor should be a tight one, with the Lions rating a slight edge in pre-game figuring.

Comparing the two teams in the height department results in near equality. Bob Payer and Capt. "Mo" Hollinger will have a slight edge in reach over their opponents but the other three Quakers will be out-stretched by their respective men.

Coach Ferrall's club features Bruce Beatty and Bob Holt at forwards, Tom Williams at center, Harold Neel and Roger Hughes or John Philp at the guards.

Beatty and Holt are six footers, Williams reaches the six three mark while Neel is five nine and Hughes five 11. Philp, who occasionally starts is six feet two.

All but Hughes are Seniors, a fact which puts Ferrall on the spot for next season.

Miller will use Jimmie Laughlin, Martin "Butch" Roth and Tony Martinelli in the starting berths.

Peacetime Acreages For Potato Growers Advocated

CINCINNATI, Feb. 7.—A U. S. Department of Agriculture official wants the Nation's potato growers to return to peacetime acreages, despite government price support.

S. R. Smith, of the USDA's production and marketing administration told a joint convention of the Ohio Vegetable and Potato Growers Association and the Vegetable Growers Association of America yesterday that potato growers "are at a fork in the road in 1946" so far as production is concerned.

"We can continue to produce war-sized crops under the stimulus of price support with acreage adjustment," he said. "Or we can make a complete adjustment from wartime to peacetime acreage."

"The wiser choice," Smith said, "appears to be a shift toward peacetime acreage levels."

We're sure
it won't come
to this!

We've never for a moment considered putting in a line of well-tailored barrels, sizes 36 to 44, in order to keep our customers well-clothed. We won't have to. Smart Kuppenheimer clothes for men are still being made; and they are meeting the highest quality standard in Kuppenheimer's 68 year history.

The hitch is in the limitation of patterns, sizes and styles possible to deliver while Kuppenheimer and other clothing manufacturers and mills are operating under emergency conditions.

We may have the very Kuppenheimer suit you want, right now. Come in and see. If not, bear with us—and Kuppenheimer. Between us we'll do our level best to see that you won't have to wait one minute longer than necessary.
